

Dear Mr President, Dear Alaattin,

Dear TDF Friends,

I was so very sad to hear about Erhan Terzi death. I want to extend the UIAA Mountaineering Commission's deepest sympathies to his family and to Turkish Mountaineering Federation.

We will miss working with him, just elected member with the Mountaineering Commission. He wrote me on January 19th that he will participate in our spring meeting at Chamonix. This was 6 days before passing over in an avalanche in the Black See mountain range. He was young, nice and enthusiastic, willing to promote Mountaineering, especially in his loved Turkey.

His family and his friends with the TDF are in our thoughts.

En içten başsağlığı ile

On behalf of the UIAA Mountaineering Commission.

Pierre Humblet
