UIAA 129	BRAKING DEVICE	EN – 15151-2 <i>(standard in development)</i>
Product Ref:		
Name Laboratory/ Self-certification:		
Test Report Reference		Date:

**TEST RESULTS**

**Design**

Dimension of attachment opening (see fig. 1)

Conformed YES / NO	
-----------------------	--

All edges free from burrs:

Conformed YES / NO	
-----------------------	--

**Static strength test**

Requirements (manual) - as per the TABLE 1 of UIAA 129. No breakage rope and/or device

Conformed YES / NO	
-----------------------	--

Requirements (assisted) R = 8kN, No breakage rope and/or device

Conformed YES / NO	
-----------------------	--

**Blocking load**

(assisted BD)

Requirements: - R=2kN, Slippage ≤300mm

S	
Conformed YES / NO	

- No damage rope and/or device

Conformed YES / NO	
-----------------------	--

**Dynamic performance**

Requirements: - Slippage S<1500m

S	
Conformed YES / NO	

- The mass can be lowered to the ground

Conformed YES / NO	
-----------------------	--
