

Dear ice climbers

We would like to express our condolences to the family of the late Dario Corradi who passed away in a tragic accident in Daone.

The whole international ice climbing community lost an irreplaceable member and friend. Everybody knows the high level of Daone competitions to which he dedicated his heart and soul.

In this situation we must confirm the decision of the Daone IWC 2011 Organising Committee to cancel their event.

We kindly ask all athletes to accept this decision with understanding.
