**International Ski Touring camp in Slovenia**  
*Let's go safe together to the mountains!*

- **Date:** 2 – 9 February 2002
- **Place:** KOMNA, JULIAN ALPS

The mountain hut on »Planina na Kraju« is found on the height of 1500 metres above the sea, a beautiful place called Beautiful Komna. The peaks in the surroundings of our mountain hut, which will be reserved only for us, are the most beautiful places for ski touring. And the Beautiful komna is a perfect starting-point for ski touring tours. Most of those peaks are on height over 2000 metres and they are very different by difficulty for ascent or descent. In our seven days gathering we will try to explore the mountains and their great flanks. It is in our usual to offer the program for two divided groups - not so demanding and very demanding ski touring tours: Lanzevica, Kal, Celo, Krn, Batognica, Velika Baba, Bogatin, Podrta gora, Zeleni vrh,... Each participants decides for himself, where he would like to go. We would like to introduce to you also some very interesting quest from Slovenia (alpinists ...). At the evening it is always very social - by games, debates, slide shows...
